Summer Quarter 2025 Electives

*CPG reserves the right to cancel an elective class if a minimum number of students do not register.
In most cases, elective exams/assessments will be during class time.*

- IPECG 1420C: Antibiotic Stewardship (1.5qhrs)** Max: Variable
Instructors: Dr. Cara Copeland and Dr. Shawn Tennant
Description: This interprofessional elective course provides education on the appropriate use of antibiotics as outlined by the Centers for Disease Control (CDC). Topics covered include increasing antibiotic resistance and the importance of antibiotic stewardship, an overview of the incidence of antibiotic adverse drug reactions, background and errors in antibiotic use, drivers of inappropriate antibiotic use, and considerations for specific infections including otitis media, bronchitis, asthma, COPD, and pharyngitis. Special attention will be paid to the current guidelines and recommendations for antibiotic use in dentistry for pre-op or pre-treatment prophylaxis. The course will utilize a combination of on-line educational modules, quizzes on the content covered in those modules, and interprofessional team-based case discussions of the module content.
Prerequisite: PHIDG 1608 IS8.
- PPRAG 1426 Putting Your Best Residency Foot Forward (1.5qhrs)** Max: 30
Instructor: Dr. Dawn Gerber
Description: Post-graduate pharmacy residency programs are highly valuable and are becoming increasingly competitive. This elective course provides guidance on the residency selection decision process, curriculum vita (CV) development, creation of a strong letter of intent and interviewing skills. Students will learn and apply how to incorporate experiences from their didactic, experiential, and co-curricular education into their residency application and interview. To meet the learning objectives, students will complete interactive written and verbal activities to demonstrate knowledge, skills, and abilities. Achievement of learning objectives will be evaluated by assessment rubrics tailored to each activity. Must be PS-2 status to enroll.
Prerequisite: PS-2 standing.
- PPRAG 1438 Managed Care (1.5qhrs)** Max: 50
Instructor: John Pacey, BS Pharm, RPh
Description: The purpose of this course is to provide an overview of managed care pharmacy and how it impacts the U.S. healthcare system. The course will prepare students to understand and learn about professional practice opportunities in managed care pharmacy by exploring health care reform, managed health care delivery models, prescription benefit design, pharmacy networks, utilization management tools, P&T Committees, pharmacy data management, pharmacy benefit managers, specialty pharmacy and pharmaceutical manufacturers. In addition, the course will focus on how business principles are integrated into the managed care pharmacy department, and address how clinical pharmacy, quality improvement, medication therapy management/disease management programs are coordinated within the managed care pharmacy environment.
- PPRAG 1443 Veterinary Pharmacology (1.5qhrs)** Max: 25
Course Director: Dr. Tokiko Kushi-Banker
Description: This course is designed to enhance the knowledge of future community pharmacists in the area of small animal veterinary pharmacology, dispensing of common small animal prescriptions, and recommendations of OTC medications for common household pets. Primary focus will be on cats and dogs. This course includes two 1-hour on-site sessions: one at the MWU Companion Animal Clinic, one at a local pet compounding pharmacy. The Final Exam in this class will be during class time in the Testing Center.
Prerequisite: Completion of PHIDG 1609, Integrated Sequence 9
- PPRAG 1301 or PSCIG 1301: Special Project/Research (1.5qhrs)**
PPRAG 1302 or PSCIG 1302: Special Project/Research (3.0qhrs)
Course Director: Faculty Sponsor
Description: A Special Project/Research is an opportunity for a student to work with an individual faculty mentor on a project focused on laboratory, clinical or outcomes-based research that is intended to result in publication or a poster. A Special Project Request Form must be completed and provided to the Department Chair and the Dean's Office at least one week prior to the start of the quarter, outlining specifically what the student will be responsible for completing, the hours and location(s) involved, and how the project will be graded. All Special Project Request Forms are submitted with the expectation that the appropriate Department Chair and the Dean's Office will review the request for substantial demonstration of academic rigor worthy of 1.5 credit hours (for 1301 projects) or 3.0 credit hours (for 1302 projects) in the CPG curriculum. Projects that do not meet the academic rigor requirement will not be approved.
